OBITUARY MRS. DR. WRIGHT.

The whole community mourns the death of Mrs. Emma Lane Wright, wife of Dr. Crispin Wright which occurred Saturday morning, February 3rd. Mrs. Wright had been in failing health the past three years but it was little thought by her friends that the end was so near. She was born in Chicago, Ill., in 1885 and left there 19 years ago on account of tuberculosis. She made a determined and successful fight against the disease, until three years ago when pneumonia caused her to lose the race, she having steadily lost strength and health since. She was a bright cheerful, happy woman and a noble Christian a member of the Fruitland M. E. church. When in health she was an active worker in the church, the Woman's Home Missionary society and W. C. T. U. circles.

She leaves to mourn besides her husband, one son George Dryden aged five and one half years, a sister Miss Fanny Lane, a brother, Otis M. Lane and her father, George H. Lane, all of Chicago, Ill. The sister was on her way in answer to a telegram but was snow bound in Wyoming arriving Monday evening. The funeral was

held in the Methodist church at Payette Tuesday afternoon, Revs. Walker and Burtch officiating. The many friends extend their heartfelt sympathy to the family.

WHITLEY BOTTOM.

Mrs. Ralph Johns is with her mother, Mrs. Edson in Fruitland, who is ill.

The community was saddened Saturday evening when it was learned that Mrs. Elizabeth Mullin Wayne had died. Mrs. Wayne was sick but

a few days with acute bowel trouble. She was born in Franklin County, Kentucky, 63 years ago and was married to J. T. Wayne, Jan. 11, 1872. To this union were born six children, four of whom are living, Anthony Wayne of Danville, Ill., Mrs. G. T. Kersoot of Baker, Ore., Mrs. J. D. Danfossen of Tacoma and Frank of Fruitland. The funeral services were held at the home by Rev. F. Burtch, pastor of the Baptist church, Monday forenoon. Burial was made at Payette cemetery.

Shadows of the Past

No one who has once become accustomed to the convenience and comfort of the G-E ELECTRIC RANGE would ever be satisfied to cook again with a coal or wood stove.

Just think of it—no carrying of heavy scuttles of coal; no ashes to remove and spill on the floor; no coal gas; no waste heat. There is, instead, absolute cleanliness, total absence of smoke or fumes, perfect heat control and no waste of fuel.

May we show you this efficient range?

THE UNIVERSAL INSTRUMENT

Thirty years ago the telephone was a luxury. Today, through personal initiative and private enterprise, it has become a necessity within the reach of everybody. Where once a business had but one telephone with a limited talking range, today that business has service with a range three-quarters of a continent broad, and every branch of every business is linked to every other by an intercommunicating telephone system. The telephone has earned its responsible place and there are now 8,000,000 Bell telephones in this country, over which go 26,000,000 talks daily.

Every Bell Telephone is a Long Distance Station.
